EVERY ACTIVE CANDIDATE WINS A BIG PRIZE—ENTER YOUR NAME TODAY

Your Spare Moments Prove Profitable in Big Prize Campaign

Without investing a cent, you can earn hundreds of dollars in valuable awards. Advocate's big race presents best opportunity for making money that exists in this section—it will pay you big to get into it. Send your nomination today.

More contestants are wanted in The Advocate's big voting campaign and the opportunity for new candidates to enter and win are exceptionally good. In many sections of the surrounding territory, there are no native representatives whatever and persons with a little ambition and energy can enter now and soon be among the leaders. We invite nominations from all sections of the surrounding territory and those persons who wish to share in the distribution of these valuable prizes should send for the supplies and instructions and get busy at once.

Although The Advocate has appropriated a large sum for premiums and will present without one cent of cost more valuable awards and more of them than were ever before offered in any gift enterprise in this section, thus far very few persons have signified their intention of sharing in the big gift distribution by sending for the supplies and really getting busy. The Advocate is a good loser and will give away every prize just exactly as announced, regardless of the success of the campaign, but it seems that from good practical business sense more hustlers would want to take advantage of this phenomenal offer.

In most enterprises in a business line, it is necessary to make a considerable investment to earn several hundred dollars in a few weeks time—yet in this big campaign a person can earn that sum without the expenditure or investment of one cent. It is not necessary to devote all of one's time to the winning either—it is a campaign of spare moments among friends and acquaintances that can be reached personally or by letter and telephone. It's fine, interesting, fascinating fun after you get into it and will pay you more than anything in this vicinity you can do in the next few weeks. All the prizes are valuable ones and when it is considered that every active candidate is

assured either one of the ten advertised prizes or a cash award, it would seem mighty poor business judgment to remain out of it, especially when there is no chance to lose.

Don't delay longer—write the campaign manager for supplies and instructions and get your campaign started at once. If your name already appears on the list, it might be suggested that now is the time to get your campaign started in earnest and take advantage of the present big vote offer. Look over the list of candidates today—notice how few subscriptions it will take to place your name right among the leaders—then get your campaign started and take advantage of this wonderful opportunity to share in the distribution of these valuable prizes. Remember, a one year NEW subscription brings you 5,400 votes, a two-year NEW subscription 13,200 votes, etc., so with a very little effort, you can soon take your place among the leaders.

Just at present, a mammoth vote offer is in force and on each "Club of \$15 worth of new subscriptions" which you send in before 8 o'clock NEXT TUESDAY NIGHT, June 4, you will be given 175,000 EXTRA VOTES FREE in addition to the usual number of votes given.

Subscriptions sent by mail will be accepted and counted under this big vote offer if the envelope containing same is postmarked not later than 8 p. m., June 4th.

In addition to this big vote offer, ten prize ballots will be awarded to the ten candidates making the best records in securing new subscriptions before June 11th. See the full details of this big prize ballot elsewhere in this issue.

Col. Webster P. Huntington, the local well known journalist, will deliver the commencement address to the graduates of the Grammar School on the evening of June 5th, at the High School Auditorium.

CAMPAIGN IS HUGE SUCCESS

Montgomery County Quota Fixed at \$10,000 But is Greatly Over-subscribed.

Most everyone is prone to criticize and say we don't do things here like they do elsewhere and if you happen to be "elsewhere" you will hear people there say the same thing, as human nature is alike the world over but we are proud of the fact that in the Red Cross Drive which has just closed we did not hear a single complaint or criticism of any kind but we found everybody willing and anxious to help to make Montgomery county "go over the top" in the campaign.

Our quota had been fixed at \$10,000 and when we noticed that the adjoining county of Bath had been fixed at only \$6,000 and the rich county of Clark at only \$16,000 did we complain or grumble? No, the men in charge simply buckled down to work and said we will not stop or even falter until we have done even more than they have asked of us and when the figures were totaled up by Secretary Hill this morning at ten o'clock he reported that Montgomery county had contributed \$13,613.47. We are proud of the county and the generous donation made to the Red Cross and we are sure that our people stand ready to join heartily in any movement that will aid our boys in France fighting the battle for right, justice and freedom. Chairman T. J. Bigstaff and Secretary Hill and those assisting them deserve the thanks of everyone.

There are yet some pledges to be collected but counting what is yet out and what has been paid a total of \$14,306.97 has been raised.

The colored people have contributed \$571.50 in cash and Secretary Hill says he is confident that fully \$1,000 will be subscribed. This is a very liberal contribution and those that contributed deserve the commendation of all good people.

LIBRARY SUIT ON DISPLAY

Have you seen the handsome \$150 Library Suite which will be awarded as second grand prize in the Advocate's big Prize Campaign? It's now on display in the store window of W. A. Sutton & Son and contestants and their friends are invited to call and inspect it. Since this handsome suite of furniture was placed on display a few days ago, it has attracted the interest and attention of hundreds of people who have stopped to admire it and the general opinion seemed to be that the candidate who won it would be fortunate indeed.

PRO-GERMAN TALKER HELD

E. S. Fishback, Charged With Making Seditious Utterances Held To Answer Charge.

United States Commissioner W. Hoffman Wood, after hearing the evidence against E. S. Fishback, of East Orange, N. J., but who is a traveling salesman for a wholesale jewelry firm of Cleveland, O., held the man over to answer the charges in Federal Court at Cattlettsburg. It seems that Fishback while on the C. & O. train in the presence of a number of witnesses made the remark that the President was a "Mutt Head," that the "United States started things but it took Germany to finish them," that "our soldiers were not being treated right," that "Germans were the only people who had sense enough to make good dyes," that "the United States government is all wrong," that "the Red Cross campaign was being conducted like a hippodrome or vaudeville performance," in other words his remarks are alleged to have constituted German propaganda pure and simple and were so held to be by Commissioner Wood.

The evidence against Fishback was given by a Mr. Robards, of Louisville; Wm. Grant, a traveling man and also a prominent oil man of Lexington. Fishback took the stand in his own behalf and practically denied saying any of the things he was charged with and showed receipt for Liberty Bonds and said he had made a contribution to the Red Cross. He was represented by Attorney John A. Judy and the government by Attorney H. R. Prewitt. Bond was fixed at \$5,000, which was furnished by Mr. L. E. Griggs, of this city. Fishback was to appear in the U. S. Court at Cattlettsburg yesterday. We telephoned District Attorney Thomas Slattery this morning asking what had been done in the case but up to the time of our going to press had received no reply to our inquiry.

It is time that such talking be stopped. Every man that is not with us heart and soul in our war for right is against us, and should be interned and if his talk is too strong he should be made to face a firing squad. There is no middle ground, you are either for Uncle Sam or against him, and if you are against him then you are not fit to live in this great land of ours. All loyal Americans should watch carefully for pro-German propaganda and whenever anyone is heard spreading it he should be reported and prosecuted to the full extent of the law. We are in this war to win and we will win in spite of the pacifists and German propagandists, because our cause is just.

Do not forget to register for military service if you have reached the age of 21 since June 6, 1917. Registration will be held at the County Court room June 5, 1918.

REGISTRATION OF MEN WHO HAVE BECOME 21 YEARS OLD

All male persons who have since the 5th day of June, 1917, and on or before the 5th day of June, 1918, attained the age of twenty-one years, must register for military duty. The only exceptions are persons in the military or naval service of the United States.

Registration for such persons residing in Montgomery county will be conducted at the Court House in Mt. Sterling in the County Court room on June 5, 1918, and the hours of registration will be from 7 a. m. to 9 p. m. All persons required to be registered must take notice of

the time and place for registration and failure to register is a misdemeanor, punishable by imprisonment for one year and may result in loss of valuable rights and privileges and immediate induction into the military service. There will be no other place in the county open for registration and it is the duty of every person, required by law to register, to present himself on the day and at the place named above within the hours specified. The Local Board for Montgomery county will have charge of the registration.

SHORT TERM OF CIRCUIT COURT

To Be Held, Due to Busy Season Among Farmers. Strong Charge Made to Grand Jury.

The regular May term of the Montgomery Circuit Court convened yesterday, with Judge Wm. A. Young presiding. The following well known citizens were chosen as Grand Jurors:

Jno. L. Coleman, A. G. Ratliff, B. F. Herriott, T. J. Northcott, Ray Moss, W. P. Lawrence, Walter Mackie, J. W. Doane, C. P. Mainline, R. R. Whitsitt, R. C. Baker, Richmond Turley. Mr. Coleman was named as foreman.

In his instructions Judge Young laid especial emphasis upon the duty of all good citizens to uphold the government in the present crisis and to leave no stone unturned in order that the war might be won for the sake of democracy and in order that free institutions might survive. He urged his hearers to conserve food and produce food stuffs in greater quantities and whenever we are asked to contribute to the Red Cross, buy Liberty Bonds or render any other service or make any other sacrifice, that we comply with the request of those in authority promptly and cheerfully. His patriotic utterances were listened to with marked attention and made a splendid impression upon all present.

The following will compose the Petit Jury:

Clayton Ramsey, A. R. Robertson, George Blevins, J. H. McCormick, J. Thos. McCormick, S. B. Duff, Marshall Myers, Ewell Payne, Arthur Jacobs, Albert Welch, Richard Raborn, Joe P. Sullivan, Chas. M. Brown, W. A. Wells, Jas. Kennedy, Ed. Ensor, J. Rice Crooks, W. T. Skidmore, Dan Prewitt, Ben. F. Mark, J. F. Richardson, D. C. Tip-

ton, Geo. M. Roberts, Jno. H. Mason.

Many of the above named gentlemen being farmers, Judge Young indicated that only pressing matters would be heard, in order that they might get back to their crops as soon as possible.

The motion for a new trial made by Porter C. Embank was set for oral argument Wednesday afternoon at one o'clock.

Very little other business of importance is pending and it is thought court will not be in session more than a week, but may adjourn from time to time in an effort to suit the convenience of the jurors and witnesses.

DIES IN MISSOURI

TO BE BURIED HERE
The Rev. J. T. Leonard, for many years a resident of Mt. Sterling, and for sometime past of Columbia, Missouri, died in that city Sunday night last. The remains will be brought to this city and the funeral will be at the Presbyterian church at 9:30 o'clock tomorrow (Wednesday), conducted by Dr. M. V. P. Yeaman assisted by Dr. E. L. Southgate.

Dr. Leonard was a fine type of gentleman of the old school. He taught a select academy here for many years, and was at one time pastor of the local Presbyterian church. He leaves a son and daughter.

An extended account of his life will be given next week.

—W. S. S.—

Do not forget to register for military service if you have reached the age of 21 since June 5, 1917. Registration will be held at the County Court room June 5, 1918.

Twelve Tire Tests Tube-Life

YOU have often noticed that ordinary gray rubber bands grow brittle with age—especially if exposed to heat and the sun's rays. So with inner tubes. The heat developed in tires while driving, and the disintegrating effects of time render many inner tubes brittle and porous, thus destroying their usefulness.

The test herein described was made by Michelin engineers to help you determine the durability of various makes of inner tubes.

Each of the tubes shown was run by running half a mile on the road under identical conditions by one of several make—the order being different in each case.

Michelin Tubes are used by the great majority of motorists today—and have proved them to be most durable and economical.

This series of twelve tests is designed to take the uncertainty out of buying.

CONSEQUENCES

He "wanted to go," but his wife said "No."

"And she wept at the very thought, So he stayed at home while across the foam.

The war of the worlds was fought! He was held and bound to the daily round.

By the tools of a clinging love That would make the goal of an eagle's soul The note of a cooing dove.

He "wanted to go," but his wife cried "No!"

And she held him there with her, While the news that came from the war's great game.

Set his brain and his heart awhirl. He was "mad" to sail on the soldier's trail.

To venture and to dare, To face the brunt at the very front Of the fighting over there.

He "wanted to go," but his wife wailed "No!"

Unequal to sacrifice.

Though the chains might chafe she would hold him safe—

And she paid a heavy price! For his love turned into hate for his selfish mate,

As the strongest passion can, So she lost her "romance"—and he his chance.

To live or to die a man!

CAN YOU TELL A BAD EGG?

There will be an egg candling demonstration in Mt. Sterling on June 6th, between the hours of 10 a.m. and 4 p.m. at the Court House in this city.

Experts from the United States Department of Agriculture and the Kentucky State Food and Drug Department will show how to make an egg candler; how to handle eggs; and how to prevent spoilage. Better methods mean better eggs and more money for them. It also means more food for our people and will help win the war.

To those who desire to do so, opportunity will be given to candle eggs themselves. Any person bringing eggs, not to exceed thirty dozen, may have them graded by the experts without charge.

Each one attending this meeting will be given, free of charge, valuable publications on egg handling, some of them illustrated with colored pictures.

If you raise poultry, sell or buy eggs you cannot afford to miss this demonstration. It is free and will never come to this town again.

SPECIAL TWO-YEAR COURSE FOR STUDENTS

A two-year course for students within two years of the draft age is one of the ways in which Amherst College is meeting war time needs. The course has been introduced to enable young men liable to be called to war service before completing the regular four-year course to elect such studies, including practical war studies, as seem to them most useful and desirable during their stay at Amherst.

Accordingly, for this course, the usual requirements for the four-year course with one or two exceptions, are waived and it will be possible, and announcement of the war time innovation says, for such students to "get a valuable section of college training and instruction in the limited time at their disposal." Later, or when mustered out of service, students who have taken the two-year course can complete the remainder of the college requirements and get their B. A. degree.

HIGH SCHOOL COMMENCEMENT

The 29th Annual Commencement of the Mt. Sterling High School will be held the first week in June. On Sunday evening the 2nd inst, the annual Baccalaureate address will be delivered at the Presbyterian church by Rev. M. V. P. Yeaman. The members of the graduating class, eighteen in number, will appear in the regular caps and gowns as formerly, which will be their "official" uniforms throughout the commencement festivities.

On Wednesday evening, the 5th, the annual Grammar School Commencement exercises will be held in the High School Auditorium at which time an interesting program will be rendered by the class.

The Class Day exercises conducted by the Senior Class will be in the Auditorium on Thursday morning at ten o'clock. The program is as follows: Orator, Chiles Van Antwerp; Reader, Marcella Chiles; Prophet, Mary Crail; Soloists, Laura Hart and Lela Rogers; Stump Speaker, Jesse Hainline; Historian, Mary Coons; Testator, Porter Huls; Grumbler, Elizabeth McNamara; Cartoonist, Gladys Henry; Poet, James Pinney; Giftorian, Jennie Gatewood.

The High School Commencement Exercises on Thursday evening will consist of music, both vocal and instrumental, the address by Rev. Homer Carpenter, of Richmond, Ky., and the presentation of diplomas, announcements, etc.

An orchestra will furnish music on all of the above occasions. From time immemorial, it has been the custom for friends and relatives of graduates to remember them with appropriate gifts. It has been suggested that for this year the gifts should consist of War Savings Stamps which would not only be highly acceptable to the recipients, but of assistance to the Government as well—a good suggestion and we recommend that it be followed.

The Annual meeting of the High School Alumni Association will be held Friday evening, the 7th, the place to be announced later.

NEW REDRYING PLANT

Mr. John W. Boardman sold recently to Mr. J. M. Venable, his livery stable and adjacent building, corner Wilson and High streets, and will give possession within sixty days. The price paid was about \$5,000. Mr. Venable will use the building as a redrying plant for tobacco, and will remodel it greatly, and install machinery for the work at once, having the building ready for use by next fall when the tobacco market opens. It is such investments as this one made by Mr. Venable that should be encouraged in the city, as it means a considerable outlay of money here, as well as being a business proposition that means considerable advantage to the local tobacco market. Mr. Boardman has not decided as to what business he will engage in, but will remain in Mt. Sterling.

This Puts The Pep in Your Step

You are just like most everybody else right now. You are all run down in your system, as a result of the hard winter you had to go through.

What you want to do is to get some "pep" in your system. And get it quick. You owe it to yourself to get keyed up and feel all right again. You are all clogged up. You go to bed at night tired and worn out. You get up the same way in the morning with a bad, nasty taste in your mouth; didn't sleep well either. You have indigestion; dull headache. You are nervous, weak and hurt in the back; sick at your stomach; just feel bum all over, don't you?

Come in and ask for this great Vin Hepatica prescription. It puts the "pep" into your step. It gives your system the necessary cleansing and tones up your nerves, brain and muscle, making you feel like an entirely different person.

This famous Vin Hepatica prescription is a combination of eight of the finest stomach, liver, kidney, and bowel cleansers and body and nerve-building tonics known to medical science. It goes at once to the seat of the trouble, and does the work as nature intended, gently, soothingly, naturally. We strongly recommend it. Come in or send for a bottle and start to taking it at once. You will like the way it works.

THE TURNPIKE SITUATION

Aside from the state-aid work on the Paris pike, little can be done this year on our turnpikes, other than such patch work as is imperatively needed. The government is urging all counties to use no more explosives in quarrying rock than is absolutely necessary. Many other obstacles are being encountered by the County Commissioners. After wide advertisement few bids were received for the furnishing of rock; but few teams can be hired and then at \$6.00 a day, as compared with \$4.00 last year; labor is very scarce and what is obtained is at a fifty per cent increase in cost, while crushed stone shipped here from Olive Hill is costing considerably more and hauled at an increased freight rate. The cost of powder and dynamite is going sky high. These conditions make it impossible to do more than patch work, such as is being done on the Winchester pike.

While the County Commissioners want to do all they can for every neighborhood, they want the people to know the facts and are confident they will not expect the impossible of them in these abnormal times.

We congratulate our citizenship upon the showing made in the Red Cross Drive just closed. As was confidently expected, Montgomery county has done her full duty.

RATES AND WAGES INCREASED

Freight rates and passenger rates on all the railroads have been increased. The freight rates have been raised 25 per cent and the passenger rates increased from 2½ cents per mile to 3 cents. It is estimated that these increases will bring in from eight to nine million dollars more revenue per year to the railroads. This increase was necessary owing to the increases made in the employees salaries and general upkeep of the roads. This is the greatest increase in rates in the history of the railroads. The above orders for freight increases go into effect June 25th, while the passenger service increase goes into effect June 10th.

WITH THE AMERICAN ARMY IN FRANCE

The American dead, sleeping in the soil of France, receive the homage of the American army on Memorial day. Many of those who have given their lives for their country are buried in graves over which shells and bullets are flying close to where they fell. But wherever they are resting, their comrades will bear them in mind and pay tribute to their memory.

To many Americans now fighting in France Memorial day heretofore simply has meant a holiday. In a vague way they appreciated the meaning of the decoration of graves by the survivors of Civil War days, but now they regard Memorial day in a different light, for it means honoring the memory of men they have known, bunkered with and fought with.

Throughout all the zones in which there are American soldiers, places have been made for ceremonies, in which the French will largely participate. At one place is a row of mounds under which lie sons of New York. Men of the same regiment will gather there to replace the faded American flags with new ones and deposit wreaths of fresh flowers and others which will withstand time and weather.

At general headquarters all graves of American and French soldiers in that vicinity will be decorated with flowers and crossed flags—the Star Spangled Banner and the tricolor of France. Led by a band, a body of soldiers will march to the main cemetery. There the troops will be drawn up while American and French army chaplains repeat prayers for the dead. A squad will fire a salute.

All the other ceremonies will be similar. In the sector northwest of

SINKS INTO LAST LONG SLEEP

Ward B. Nickell, son of Mr. and Mrs. P. B. Nickell, died Thursday morning at the home of his parents on the Winchester pike, after a year's illness of tuberculosis. He was in his sixteenth year, just on the threshold of a promising manhood. He was very much interested in the study of electricity and was an artist of considerable ability. The young man endured his suffering patiently and was hopeful of his recovery to the very end. His parents and one sister, Mrs. Roy McCormick, are left to mourn his loss. Funeral services were conducted at the family burying ground, near Spencerville, by Rev. Clyde Darsie and Rev. D. G. Combs. The family has the sympathy of everyone in their sorrow.

THREE CROSSES

The iron cross is black as death and hard as human hate; The wooden cross is white and still and whispers us "Toolae."

But the Red Cross sings of life and love and hearts regenerate.

The iron cross is a boastful cross and marks a war-mad slave; The wooden cross is a dumb, dead cross and guards a shallow grave.

But the Red Cross reaches out its arms to solace and to save.

The iron cross is a kaiser's cross and narrow is its clan; The wooden cross is a soldier's cross and mourns it parizan,

But the Red Cross is the cross of One who served his fellowmen.

A SINGING ARMY.

"A singing army to France."

The slogan indicates a new determination on the part of the Army Y. M. C. A. to meet the increasing needs of the soldier boys for music in the camps, according to a bulletin just received here from the Central Department headquarters of the National War Work Council of the Y. M. C. A. Following the declaration of Maj.-Gen. Harry C. Hale that "a singing army is a winning army," the Army Y. M. C. A. is now planning its work for soldiers throughout the United States to beat the Germans at their own game.

Thirty-eight of the foremost song leaders in this country are now at work in the cantonments of the United States, organizing the enlisted men by companies and barracks and teaching them a score of songs which they may sing together at reviews or on the march. It is stated that 47 such song leaders are provided for and this number will soon be reached. One song leader is being supplied in each of the army camps. In addition there are to be 12 itinerant song leaders who will instruct the men in singing at isolated points. The purpose of the Y. M. C. A. singing program is to develop song leaders from the ranks and make each military unit self-entertaining as it moves "over there."

"Music alone competes with religion in the power to lift up man's heart and soul," says Marshall M. Bartholomew, in charge of singing instruction for the Y. M. C. A., in a statement just issued. "The two most military nations of the world have long recognized and systematically exploited this power. During a long residence in Germany both before and during the present war, I had opportunity to study at first hand this important phase of army life, and more recently in Japan I made myself familiar with military music. In my opinion, the singing in the German army has done more to keep up the morale of those troops and to stimulate the patriotism of the people than any other single influence."

The State Y. M. C. A. of Kentucky is trying to recruit thirty-five men per month for Army Y. M. C. A. service and a large portion of the men should be able to lead singing.

Inquiries can be addressed to C. A. Tevebaugh, 345 Association Bldg., Louisville, Ky.

The Leonard Cleanable ONE-PIECE PORCELAIN LINED REFRIGERATOR

Can be cleaned in five minutes

You Can't Have Clean Food Unless You Have a Clean Refrigerator

YOU wouldn't of course, eat anything but clean food. Yet food cannot be clean that has been in an unsanitary refrigerator. A bad odor in your refrigerator is always a danger signal.

Zinc or galvanized iron linings for refrigerators are unsanitary. Even though coated with white paint or enamel, they soon get stained and discolored. Worse still, cracks and scratches develop which fill with grease and food particles. Thus germs are fostered causing a most unsanitary condition.

A Leonard Cleanable is made with a one-piece porcelain lining, smooth, pure white, everlasting, just like a piece of china, except that it is unbreakable. This porcelain you cannot possibly scratch, not even with a steel knife blade. It has no cracks or crevices in which grease or germs may collect. It is as clean as a china dish and as easily kept clean. Notice how the Porcelain Lining of the door is made in one piece. Look for the trade-mark shown below.

For your family's sake, learn about the Leonard Cleanable. We want to tell you its many good qualities. Call and get an interesting booklet, "The Care of Refrigerators." It contains many good points you ought to know.

The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of agriculture reported in 1916 that the farmer gets for his cattle "approximately two-thirds to three-fourths" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

Butter	71 per cent
CATTLE	66 2/3 to 75 per cent
Eggs	65 per cent
Potatoes	55 per cent
Poultry	45 per cent
Fruits	35 per cent

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its well-equipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about $\frac{1}{4}$ of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the larger proportion of retail prices received by farmers.

GENERAL EXCHANGE OF WAR PRISONERS PLANNED

British Cabinet Ministers are considering the question of a general exchange of prisoners. An announcement on the subject is expected soon. The Government has received information from prisoners who escaped from German prison camps since March 21 confirming the report that British prisoners of war are employed immediately behind the German lines.

AN AMERICAN BOY'S REPLY.

I'm out here in France and awaiting my chance
To start for the muddy lane,
Where the world's but two walls
and a memory all
Of the girl that I must meet again.

A great work's in sight and it calls for the might
Of nations still sound and sane;
And that I do my share is the hope and the prayer
Of the girl that I must meet again.

When I'm gazing low 'neath the star shells' bright glow,
And watching their brilliancy wane,
Wherever I go is the true faith I know
Of the girl that I must meet again.

If caught by a shell in this civilized hell
And I get my full share of pain,
I will look for my rest in the smile
I love best,
Of the girl that I must meet again.

When this struggle's o'er and cruel war is no more

I'll sail 'cross the rolling main;
For we've done our part and won
peace for the heart
Of the girl that I will meet again.

SAVIORS

By Angela Morgan
Yours is the daring skill to tread
The waters of a world at war;
Yours is the miracle to shed
Where rocking seas of hatred are.
Courage and comfort, like a star.
You cry unto an earth dismayed,
And God is thrilling in your tone;
"Brothers, the ship is not alone;
Be not afraid!"

Ye are the Christs of this black hour,

The Great Physician come again,
Within your sacred hands the power to heal the race of men.

Ye hold the hurt world to your breast;

Ye bind her bruised and broken soul;

The sick, the maimed and the oppressed—

Yours is the gift to make them whole.

And where the stricken miles march
Ye sound the resurrection morn;
Above the bier where Justice lies,
With visions of a new life new born,
Ye bid the dead arise!

O World, that walketh now in tears
Where Truth again is crucified
After the thousand, thousand years,
See yet that Christ is not denied!

MEN SAID TO BE MERE WALKING SKELETONS

The arrival at Petrograd of the first contingent of 1,500 Russian prisoners to be exchanged under the recent Russo-German agreement was reported to the State Department last week. The dispatch said the men were "veritable walking dead men." Their condition aroused great indignation in Petrograd. Under the agreement they are exchanged for able bodied Germans.

HANDLING OF MAIL IN FRANCE

The Secretary of War has made the following statement to the press:

The militarization of the postal service in France means the taking over of the distribution of mail by the military authorities, but does not mean any lack of cooperation between the Post Office Department and the War Department. The Post Office Department distributes and pouches the mail in this country and we carry it on transports and distribute it to the soldiers using a part of the postal personnel, taking them over and using them under military direction. The entire administration of the money order business is to remain under the Post Office Department.

This is not because of any inability to cooperate or any lack of performance on the part of the Post Office Department. When I was in France I investigated the question thoroughly and found the keenest desire on the part of the postal people over there to cooperate and they were doing their job as efficiently as circumstances would permit, and in view of the fact that the military units were moving constantly from place to place, the movements being concealed from everybody except the particular commanding officer, it was impossible to furnish the postal authorities a schedule of the projected military movement, and for that reason it was necessary to let the mail follow the distribution of supplies.

DRAFT AGE MEN MUST FIGHT OR WORK

Every man of draft age must work or fight after July 1st, under a drastic amendment to the selective service regulations announced recently. Not only idlers but all draft registrants engaged in what are held to be non-useful occupations, will be haled before their local boards, and given a choice of a new job or to enter the army. Gamblers, race track, bucket shop attendants and fortune tellers head the list, which also includes waiters, bartenders, theatre ushers, passenger elevator operators, other attendants of clubs, hotels, stores, etc., domestics and clerks in stores. Deferred classification on account of dependents will be discharged disregarded entirely in applying the rule which is expected largely to solve labor problems for farmers, ship builders, and munition makers. The announcement significantly notes that the list of non-useful occupations will be extended as necessity requires.

Train Yourself To Keep The Wheels of Industry Moving

All you energetic and patriotic young men and women—who are determined to go forward in life—straight forward—and we can tell you by the sudden set of your shoulders—we have a vital message for you.

YOU DESIRE TO GROW—Whether you are a wage earner, student in high school or college or a prospective worker, in office, in school or at home, you are potentially a wage-earner; that is you are either a wage-earner in actual practice, or one in the process of making. To all intents and purposes, your life will be under your own guidance; you will make your own money, and spend it as you like; you will set your own standards of living, and rise or fall below it, as your energy or your indolence dictates. Economically independent, the responsibility of your life will rest on your shoulders. You are to be that finest thing, a self-supporting man or woman, making your way by no man's leave, by no man's favor, but by virtue of the power resident in you, the individual.

But in order to reach the best business plums—you must have preparation. You must have business knowledge and training. That is the business of this school—to supply ambitious young men and women with the right kind of preparation and training to enable them to reach and grasp the highest success plums in the business world.

Don't delay in making your start. Begin your preparation the earliest moment—We court a thorough investigation of our methods. Just write, phone or call at the school for full information.

We have enrolled over 100 students since the first of January—and the students in one Day and Night Classes attending regularly—number almost 200.

TERRIBLE CRIME

Mervin Collins, of Olive Hill, who had just been summoned for military service, went on a rampage and killed three men Saturday. It is said that Collins claimed the men he killed had accused him of trying to evade the draft, etc., and that before the killing he made the threat that he intended to "get" several men before he left for the army. He killed D. V. Carpenter, former city marshal; John Howard, former deputy sheriff, and Cleveland Sparks. It is reported that he approached the men and opened fire without saying a word and without giving them any chance to protect themselves. After the killing he took shelter out from the town in a hut where he attempted to defend himself and where he shot A. M. Shield, a member of the posse who went to arrest him. Tony Stevens was accidentally shot by a member of the posse he was with who went to arrest Collins.

County Judge McGill and a number of citizens finally arrested Collins and he was rushed to Cutletsburg to prevent a mob from lynching him. It is said Judge A. M. Cisco will empanel a special jury and try the murderer at once. This is one of the most horrible crimes committed in Kentucky in a long time and quick justice should be meted out to the perpetrators of all such heinous crimes.

IN BAD IN KANSAS

Mr. J. O. Kash, of Parker, Kansas, formerly of this city, and who will be remembered by many of our people is, according to The Parker Message, a newspaper of that city, in bad with the people. It seems that Kash had been repeatedly solicited to buy Liberty Bonds and make contributions to the Red Cross and Y. M. C. A. and while he was unable to do so, had done nothing in this line. When the State Guard was organized he enlisted but wrote opposite his name "for local work only" which dis-qualified him for that branch of the service. Last week during Tuesday night the entire front of his store, including windows, was painted a bright yellow and signs painted on his windows, "Slacker" and "Coward."

Mr. Kash has issued a card declar- ing that he has been misrepre- sented, mistreated and humiliat- ed, and claims he has given to the Red

Cross and that he has bought Liberty Bonds. He offers his entire stock of goods, building and resi- dence for sale. Those here who re- member Mr. Kash, remember his as a quiet, reserved man who always had a splendid reputation and are hopeful that he will be able to vindicate himself of these odious charges.
